2010

Dear Mr. Schaft,

We, the Class of 2000, would like to thank you for everything you have done. Your sense of humor, commitment, and dedication are what make you an excellent teacher.

You have made the MSJ community a stronger one not only through academics, but also with your involvement in the Chess Club, Outing Club, and various sports teams.

Your enthusiasm knows no bounds. We appreciate all of the times that you have gone the extra mile.

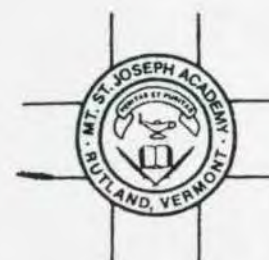

We wish you the best of luck in the future!

Sincerely,

The Class of 2000

Ted Schaft has been teaching math and physics at MSJ since 1987. He has been involved with the Chess Club, the Outing Club, and the Scholar's Bowl. He has helped coach both the Golf Team and the Hockey Team. He is also the teacher's representative to the MSJ School Board.

Dear MSJ Students,

The 1999 - 2000 academic year has been characterized by change. You arrived at MSJ in August to find a new main entrance, new computer lab, new library/media center, several new faculty, and a new administration. It would have been easy to feel overwhelmed...but you endured and, ultimately, met these challenges of "newness" with an open mind and loving heart.

I want to thank each and everyone of you for introducing me to the spirit of MSJ. In the end you have shown me that our school is not merely a particular building with a certain address; rather, our school is about community, faith, tradition, and common vision. May you always cherish these values and foster them in every aspect of your lives.

To the Class of 2000, I wish you the best. May God continue to inspire you to achieve excellence. And, may you always look back on your time at MSJ with fondness, knowing that you profoundly touched the lives of others.

Sincerely,

Robert P. Lukaskiewicz
Principal

MSJ welcomed ten new faculty and staff members this year, two of whom are pictured at right. Mr. Lukaskiewicz (Principal) from Sumter, South Carolina and Mr. Cirelli (Vice-Principal) from Barre, Vermont.

Retreats by Mr. Zancanaro

Let's have fun!

"Let's have fun!" isn't exactly what most people think of when they hear the word "retreat." It isn't the bottom line, but it is part of what retreats are about, especially in high school.

The core purpose of retreats is to try to help one another discover the presence of God, yes, God, in our lives and in our relationships with one another. How this is done depends on which group of students organizes the retreat and the theme chosen for the retreat. Retreats involve communal prayer experiences, quiet moments for thoughtful reflection, conversations over shared meals, and organized fun.

Discovering God as Creator and Redeemer of us all through prayer and the lives of one another is what retreats are all about. Retreats are a time to recognize the healing each of us needs, especially in repairing and deepening our relationship with both God and others. They are -- or should be -- a time of silence, prayer and fun.

Way to bust-out Chenoa buddies! Thanks for everyone who has supported me in this past year. I have survived!! Marci, one more year to go. The Hayes - thank you for all the fun! Love, Olivia

My three years in Vermont have been fun, especially with the snow and the "really" cold weather. One thing I am sure to say, "It is different!" I enjoyed my high school years at MSJ. It has been great. I have learned a lot, especially in my English. I met different people and made friends.

It was very hard when I started this journey and has been hard along the way, but I am glad I made it through and arrived in where I want to be. Surely I did not do this by myself; so, I would like to thank everyone who has been supportive. To my family, thank you for the chance to explore another part of this world, and thank you for all your support in prayers and your love. To my host family, thank you for putting up with me and for everything you have done. To the MSJ community, teachers, school mates, friends, and coaches - thank you very much for the great times and the unforgettable memories. And for my class mates, the class of 2000 - Good Luck in the future and thanks for the memorable times.

"May the road rise to meet you, may the wind be always at your back, may the sun shine warm upon your face and until we meet again... may God hold you in the palm of his hand."

Isn't it weird? I should sum up my life and experience in America although my time isn't over, yet. I'll give my best to tell you a little about my being here. First of all, I gotta thank my lovely host family the Larsons: Mom and Dad, you are terrific. Jamison and Jessica, you are awesome. I wanna thank the staff and faculty of MSJ for being "powerfully" nice and open hearted. MSJ is a totally new experience for me because there are so few students. In my opinion, this made it a lot easier for me. The teachers know their business and I like them alot. (Special dedication to Mr. Zuccotti - our teacher and pal.) And of course I want to thank all of my friends at MSJ, especially the soccer team, which did not really care about the fact that I was late for the season. (Special thanks to Jude Johnson.) I really like the MSJ sports program, which made it possible for me to join a snowboard team. Snowboardin' rules!! Last, but not least, I have gotta thank the other exchange students - Carlos Lopez & Gabe Borgetto who helped me when I first came over here and always supported me. By the way: Dan Welch - you rule, Evan McElhinney - my crazy friend, Mike Gage - you're awesome, Matt Sharp - you're cool, Steve Abatiell - my crazy fellow, Ryan DePoy - the genius, and Jessica McM - I'll never forget you. I can't mention everybody, so I give my best wishes to anybody who knows me. My time here has been unforgettable and I'll never forget it.

Being here in America and at MSJ is a great experience for me. I came here to open my mind and get the self-confidence I never had. MSJ, my family, and all my friends I met here have helped me to reach these goals and stayed with me through good and bad times. I would like to thank everyone for all their help and kindness.

-Julia Rossner

As I am sitting here and reflecting about the last eleven months, I see a wonderful part of my life that seems to have flown by a little too fast. My time here at MSJ has been a truly special and unique experience that I will never forget. In a sense, the quotation "You don't learn for school, but for life" seems to apply perfectly well to me! Not only am I able to adopt to role of an American high school student for one year; in fact my whole understanding of the American culture and lifestyle has deepened. For me, the Mount St. Joseph Academy is more than only a school - it is a big family.

I would like to thank all the people who contributed to make my stay such a wonderful and unforgettable time. Thanks to the whole MSJ community who immediately accepted me as a new member and made me feel welcome from the first day on. Thanks to all my teachers who were always open to my questions and guided me through the school year. All of you helped to make this dream of mine a reality.

Of all the things I miss the most,
I miss you most of all.
Your loving touch,
Your tender care,
God knows you were always there.

It wasn't because you had to,
But because you loved me so,
That because of all the things I said,
You'll Never really know.

If only I could hold you,
And tell you I'm just fine,
If only I could tell you,
Your always on my mind.

Of all the things I wish the most,
I wish this most of all,
That one day soon we'll be together,
And hope that this time it's forever.
